DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 4, 2005 has been entered. Claims 1, 9, 10 and 17 have been amended.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 9 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 9 recites the limitation "the bearing members" in line 10, and the limitation "said roller bearings" in line 14. There is insufficient antecedent basis for these limitations in the claim.

It is suggested that the claim be amended as follows: In line 7 change "rollers" to -- bearing elements --; in line 10 change "bearing members" to -- bearing elements -- ; and in line 14 change "roller bearings" to -- bearing elements -- .

Alternatively, the claim could be amended to change line 10 so that "bearing members" reads -- rollers --; in line 14 "roller bearings" reads -- rollers --; and in line 17 "bearing elements" (both occurrences) reads - - rollers - -.

Allowable Subject Matter

Claims 1-8 and 10-20 are allowed.

Claim 9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
